Your Income Tax Reports Due Soon...

IN THE VALLEY OF THE MOON

Well. . . Well. . . Well. . . It's almost time to make out your income tax return. . . So don't forget it, or it will cost you more! !

To anyone making out his income tax return, it is a forlorn sight, the way the Washington spending merry-go-round is callioping away so merrily. . .

Witness the proposed expenditure of \$100,000.00 for bringing an as yet unopened, "ultramodern" \$3 million Air Force hospital "up to standards". . . Those standards include oxygen outlets in every room, to save attendants the trouble of wheeling tanks around; a radio station to provide special music; and a walkie-talkie system that will permit any nurse to talk with any patient though she may have wandered 300 feet down the garden path. . . This is essential national defense???

Witness also the new Federal prison that will cost the taxpayers \$110 million and will house 600 men. . . At \$183,333.00 per man, that is rather expensive housing!!!

**Thank you,
The Publisher**
